

REMARKS

In the Non-Compliant notification dated May 2, 2007, the examiner indicated that Claims 41-46 were omitted.

By this response, dependent claims 41-46, which were included in the response filed December 11, 2006, but apparently not scanned on the USPTO PAIR page, (20 claims being indicated as having been filed in the RCE) are included.

An early Notice of Allowance of claims 27-46 is respectfully requested.

Respectfully submitted,
